 Valdosta, Georgia

1953 PRICE LIST

TERMS Cash with order, add 25¢ for postage and packing with orders under \$3.00, we pay postage and packing on orders over \$3.00. Strong single divisions. Orders over \$20.00, 10% discount; over \$30.00, 20% discount; over \$50.00, 25% discount. Hemerocallis shipped at any time.

We again take pleasure in releasing Mrs. Sam Register's latest daylily introductions. These have been tested in Mrs. Register's garden, in our own nursery, and in test gardens.

The Register Strain of Hemerocallis introduced in 1951 for the first time, were enthusiastically received in Valdosta and other sections.

1953 INTRODUCTIONS

VALDOSTA BEAUTY - 40" - a very large (7") blend dark red predominating strong scapes, has unusually long blooming period. (Not subject to discount-limited stock) \$10.00

PEACE - 36" - Light cream self, petals have white mid-rib, profuse bloomer, excellent branching. \$10.00

VEDETTE - 36" - Dark reddish self, unusually heavy waxed texture, petals have very distinct mid-rib, very outstanding in garden. \$10.00

AUTUMN FIRES - 46" - A Swan seedling, bi-color of burnt orange and dusty yellow with purple eye-zone, strong scapes, outstanding in garden. \$ 7.50

OBI - 40" - Very large blend of red and orange with purple veining, open flowers give appearance of large bow of Japanese sash. \$ 7.50

SPRING SONG - 46" - Very large (7") yellow self, profused blcomer, remains open evenings, won popular vote for outstanding yellow in Register garden in 1951 \$ 5.00

DRAGON FLY - 34" - Decided bi-color, sepals chrome, petals rust brown and slightly pinched, attracts much attention because of unusual color combination. \$ 5.00

SIREN - 48" - Decided yellow and purple bi-color, sun resistant, a distinctive flower, and remains open evenings. \$ 5.00

CLAUDETTE - 30" - Canary yellow, petals have glistening sheen, sepals brushed cinnamon, two petals recurve slightly, one slightly pinched. \$ 3.00

PHAROS - 42" - Truly a light house in the garden, light orange self, halo in throat, a most persistant bloomer, resistant to sun and wind. \$ 3.00

SAMMY'S MINUET - Small brownish red flowers, early bloomer, petals and sepals slightly recurved. \$ 3.00

GEORGIA BEAUTY - A polychrome, brownish red petals have slight mid-rib and deep purple eye-zone, sepals same as petals but no eye-zone. \$ 3.00

1951-1952 INTRODUCTIONS

ROYAL TOGA - Mid-season 44" evergreen - Very dark royal purple self sulphur yellow throat. The heavy texture has the appearance of velvet. The period of bloom is from the first of June until mid-August. The foliage is light green and arching. This clome increases rapidly. \$10.00

NIGHT LIFE - Early mid-season 38" - Large light yellow self. Begins opening mid-afternoon and remains open 24 hours. This makes a lovely show in the garden. It is a good parent plant. The foliage is blue green and slender. \$10.00

GEORGIA QUEEN - Mid-season 36" evergreen - Dark red flower with deep purple eye-zone and deep purple mid-rib. Sulphur yellow throat. Sun-resistant. Graceful erect scapes and slender arching foliage. \$ 5.00

GARDEN KING - Mid-season 32" Evergreen - Dark purple self, green throat. This is one of the most satisfactory dark daylilies we know. It blooms from early June until September. Sun resistant. \$ 5.00

Mrs. A. Winn - Purplish brown, polychrome deep purple eye-zone with yellow throat. Increases rapidly and often has recurrent blooming periods. Find the best effect when protected from the hot mid-day sun. \$ 1.00

No. 16 - Very dark bluish purple seedling with blue predominating, winner of 1951 Show. This will be released in 1954.
